"training can be done during work hours via online lessons."

Do always remember: if they are in a training, it means they can not serve the guest. Of course this doesn't mean that you shouldn't train your employees, but it means something for your operations and your schedules. This also means that companies shouldn't only hire people for the hours they need (for operations), but also have to count for hours like training, sick leave, holiday leave, etc.

Studietempo

Studietempo toont het aantal EC die in een bepaald tijdsbestek aan de student zijn toegekend. Dit staat geheel los van de studievoortgang: de toegekende EC kunnen uit voorgaande jaren en van verschillende opleidingen zijn. Het studietempo wordt bepaald door de instellingen bovenaan de pagina, je kunt deze instellingen naar eigen wens aanpassen.
